

Elite 10W-30

Premium High Performance Multigrade Petrol Engine Oil

Product Description

Veedol Elite 10W-30 is meticulously formulated from premium quality virgin base oils to bring out the best engine performance of new generation vehicles. It provides excellent sludge and deposit control. A robust anti-friction additive helps protect the engine parts on cold starts and resists oil degradation throughout the recommended oil drain interval.

Performance Specification

Veedol Elite 10W-30 meets or exceeds performance requirements:

- API: SL/CF

Features & Benefits

- Suitable for American, European and Japanese vehicles
- Keeps the engine clean for a smoother and powerful ride
- Very High Viscosity Index retains outstanding fluidity at low temperature (sub-zero) and high viscosity at high operating temperatures to completely eliminate metal to metal contact over wide operating conditions
- Very high thermal and oxidation stability ensures longer oil drain intervals
- Provides optimum cooling and helps achieve high engine efficiency
- Manufactured from Virgin Base Oil

Typical Properties

Test Parameters	ASTM Method	Typical Values
Density @15°C	D4052	0.864
Kinematic Viscosity @100°C, cSt	D445	10.8
Viscosity Index	D2270	141
Total Base Number, mg KOH/gm	D2896	8.0
Pour Point, °C	D97	-36
Flash Point (COC), °C	D92	230

*Properties mentioned above are typical only, and minor variation which do not affect the product performance, are to be expected in normal manufacturing.
