

SLIDEOL OIL 68

Slideway Oil

Product Description

Veedol **Slideol 68** is a premium quality slide way oil featuring highly refined mineral oils and special additives to enhance the crucial property of adhesion, improved tackiness, anti-wear & extreme pressure properties. Recommended for machine tool slide ways to provide anti-stick slip characteristics. It is also a fluid you can trust in applications where there is high exposure to soluble cutting fluids.

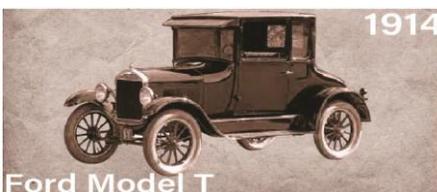

Features & Benefits

- Excellent load carrying capability and frictional characteristics
- Outstanding cutting fluid compatibility.
- Superior protection against wear, oxidation & corrosion.
- Ensures longer life and system efficiency.

Typical Properties

| Test Parameters | ASTM Method | Typical Values |
|--------------------------------|-------------|----------------|
| Density @15°C | D4052 | 0.887 |
| Kinematic Viscosity @40°C, cSt | D445 | 69 |
| Viscosity Index | D2270 | 100 |
| Pour Point, °C | D97 | -24 |
| Flash Point (COC), °C | D92 | 236 |

*Properties mentioned above are typical only, and minor variation which do not affect the product performance, are to be expected in normal manufacturing.
